

## Information about the “Every Child a Swimmer” program at Symons Recreation Complex

---

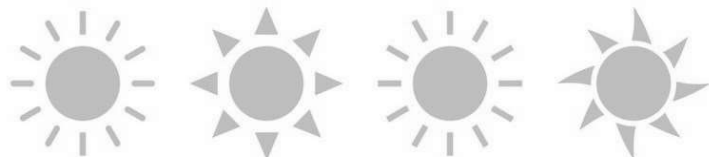

The Symons Recreation Complex believes that every child should have an opportunity to learn how to swim. If you have been unable to enroll your child in swim lessons because of the cost, you may be eligible for our Every Child a Swimmer (ECS) program.

The ECS program is made available through donations from United Givers and SRC members. With this program, lessons are available at a reduced cost (\$12) for those with financial need. The ECS program allows a 4 year old or older child to use the program once per year.

Lessons run year-round. Typically there are three sessions each during fall, winter/spring, and summer. Enrollment is based on a first-come, first-serve basis. The regular cost of lessons is \$35 for SRC members (or \$85 maximum per Member family), \$70 for non-members (or \$150 maximum per Non-Member family), **or reduced through Every Child a Swimmer (ECS).**

**If you are planning on using the ECS program, after you have called & enrolled, complete a form at Symons Recreation Complex on the first day of class (or when you register).**

**A minimum donation of \$12.00 is required for each child. ECS can only be used once per child per year.**
